

# Animal Tails

A photograph of a prehensile tailed porcupine. The animal is covered in dark and light quills and is using its long, prehensile tail to grip a thick, brown branch. It is looking down and to the left. The background is a soft, out-of-focus green and yellow.

prehensile tailed porcupine

A photograph of a kangaroo in a grassy field. The kangaroo is reddish-brown and is standing on its hind legs, looking towards the camera. The field is filled with green grass and some small white flowers.
